

# Occupational and Environmental Medicine

## Contents

January 2009 Vol 66 No 1

### Leader

- 1 Working for a healthier tomorrow *C T J Hulshof*

### Commentaries

- 3 Research challenges in occupational and environmental medicine until 2030 *M Albin, K Broberg, K Jakobsson*
- 5 Identifying research challenges for occupational and environmental medicine until 2030: an initiative *T C Erren*

### Review

- 7 Systematic review and meta-analysis of mortality in crop protection product manufacturing workers *D R Jones, A J Sutton, K R Abrams, J Fenty, F Warren, L Rushton*

### Original articles

- 16 Interpersonal conflicts at work as a predictor of self-reported health outcomes and occupational mobility *L De Raeve, N W H Jansen, P A van den Brandt, R Vasse, I J Kant*
- 23 Occupation/industry and risk of non-Hodgkin's lymphoma in the United States *M Schenk, M P Purdue, J S Colt, P Hartge, A Blair, P Stewart, J R Cerhan, A J De Roos, W Cozen, R K Severson*
- 32 Cumulative exposure to high-strain and active jobs as predictors of cognitive function: the Whitehall II study *M Elovainio, J E Ferrie, A Singh-Manoux, D Gimeno, R De Vogli, M J Shipley, J Vahtera, E J Brunner, M G Marmot, M Kivimäki*

- 38 Work pattern causes bias in self-reported activity duration: a randomised study of mechanisms and implications for exposure assessment and epidemiology *L H Barrero, J N Katz, M J Perry, R Krishnan, J H Ware, J T Dennerlein*
- 45 Hepatitis E, *Helicobacter pylori* and peptic ulcers in workers exposed to sewage: a prospective cohort study *A Tschopp, H Joller, S Jeggli, S Widmeier, R Steffen, S Hilfiker, P Hotz*
- 51 Managerial leadership and ischaemic heart disease among employees: the Swedish WOLF study *A Nyberg, L Alfredsson, T Theorell, H Westerlund, J Vahtera, M Kivimäki*
- 56 Increased frequency of chromosome translocations in airline pilots with long-term flying experience *L C Yong, A J Sigurdson, E M Ward, M A Waters, E A Whelan, M R Petersen, P Bhatti, M J Ramsey, E Ron, J D Tucker*
- 63 Does return to work occur earlier after work-related sick leave episodes than after non-work-related sick leave episodes? A retrospective cohort study in Spain *F G Benavides, C Serra, R Domínguez, J M Martínez, M Plana, M Despuig, M Sampere, D Gimeno*

### Short report

- 68 Use of hair colouring products and risk of multiple myeloma among US women *S Koutros, D Baris, E Bell, T Zhang, Y Zhang, T R Holford, B P Leaderer, O Landgren, S Hoar Zahm*

## Stay a step ahead with Online First

We publish all our original articles online before they appear in a print issue.

This means that the latest clinical research papers go straight from acceptance to your browser, keeping you at the cutting edge of medicine. We update the site weekly so that it remains as topical as possible.

Follow the Online First link on the homepage and read the latest research.
