Role of dust in the working environment in development of chronic bronchitis in British coal miners
217

A radiographic survey of monumental masonry workers in Aberdeen T. A. Lloyd Davies, A. T. Doig,
A. J. Fox, and M. Greenberg
227

Comparison of effects of glass fibre and glass powder on guinea-pig lungs Susan K. Botham and P. F.
Holt
232

Preprocessing cotton to prevent byssinosis J. A. Merchant, J. C. Lumsden, K. H. Kilburn, V. H.
Germino, J. D. Hamilton, W. S. Lynn, H. Byrd, and D. Baucom
237

Histochemical study of asbestos fibre coating in experimental carcagein granulomas M. Governa and
C. Rosanda Vadala
248

A review of agricultural pesticide incidents in man in England and Wales 1952-71 C. E. D. Hearn
253

Chest symptoms and farmer's lung: a community survey D. C. Morgan, J. T. Smyth, R. W. Lister,
and R. J. Pethybridge
259

John Thomas Arlidge (1822-99) and the Potteries E. Posner
266

Subject variability in short-term audiometric recording B. P. R. Hartley, R. W. Howell, A. Sinclair,
and D. A. D. Slattery
271

Chloracne from the accidental production of tetrachlorodibenzodioxin G. May
276

Changes in zinc and serum proteins due to carbon disulphide exposure R. El-Gazzar, Y. M. El-Sadik
and M. Hussein
284

Lower fiducial limit of urinary metabolite level as an index of excessive exposure to industrial chemicals
T. Imamura and M. Ikeda
289

Measurement of urine mercury excretion by atomic absorption in health and disease A. Taylor and
V. Marks
293

Notes and miscellaneous

Occupational health and safety in Great Britain 1971 W. R. Lee
297

A note on the sensitivity of a method used to detect lead in the eighteenth century H. A. Waldron
300

Book reviews
301

Information section
304

No. 4 OCTOBER 1973

Assessment of man's thermal comfort in practice P. O. Fanger
313

Comfort studies of rail passengers J. F. Nicol, C. Doré, J. S. Weiner, D. E. Lee, S. P. Prestidge and
M. J. Andrews
325

Effect of treatment on physiological responses to exercise in East African industrial workers with iron
deficiency anaemia C. T. M. Davies and J. P. M. van Haaren
335

Interindividual differences in circadian fatigue patterns of shift workers O. Östberg
341

Electroencephalographic studies on petrol intoxication: comparison between nonleaded and leaded white
petrol K. Saito
352

Comparative study of effect of inorganic lead and cadmium on blood 8-aminolaevulinate dehydratase in
man R. R. Lauwerys, J.-P. Buchet, and H. A. Roels
359

A comparison of conventional and grid techniques for chest radiography in field surveys J. S. Washington,
J. A. Dick, M. Jacobson, and W. M. Prentice
365

Respiratory response in simultaneous exposure to flax and hemp dust E. Žuškin and F. Valić
375

Pharmacological prevention of acute ventilatory capacity reduction in flax dust exposure F. Valić and
E. Žuškin
381

Symptomatology of chronic brucellosis D. G. McDevitt
385

A new method for the determination of mandelic acid excretion at low level styrene exposure A. Slob
390

Notes and miscellaneous

Accuracy and precision of two methods of blood lead estimation A. J. Fox and M. H. P. Sayers
394

Treatment of rapidly progressive rheumatoid pneumocnosis D. Davies
396

Permanent Commission and International Association on Occupational Health: Sub-committee
on Absenteeism. Draft recommendations
402

Book reviews

Information section

Grateful acknowledgement is made to the U.K. MEDLARS Centre and to the National Library of Medicine for their help with this project.
The references cited below have not been checked by the publisher.

1. Historical, legislative, and general

A comparison of two classifications of coal workers' pneumoconiosis. (English)
[Human, Legislation Medical, Pneumoconiosis Classification, United States]

The occupational safety and health act: the future of occupational medicine. (English)

Occupational health goals for the '70's. (English)
[Futurology, Legislation Medical, Occupational Health Services, United States]

An English clergyman and environmental health (Stephen Hales). (English)
(Hales, S.), Geist, D. C., Arch. environm. Hlth, 24, 373-7, May 72.
[Historical Article, 17th and 18th Centuries, Air Pollution Prevention and Control, Public Health, Ventilation, England]

Disability of coal mine workers. (English)
[Human, Male, Disability Evaluation, Eligibility Determination, Legislation, Respiratory Function Tests, Workmen's Compensation]

Epidemiological studies of cancer in chemical industries. (German)
[Age Factors, Ammonia, Asbestosis, Neoplasms Chemically Induced, Sex Factors, Tars Poisoning, English Abstract]

2. Organization of medical and nursing services and education

The full time psychiatrist in industry. (English)
[Human, Community Mental Health, Delivery of Health Care, Legislation Medical, Mental Health, Models Theoretical, Psychiatry Community, Psychology Industrial, Social Change]

Can the chatter. (English)
[Industrial Medicine, Manpower, Occupational Health Services]

A transfer form for use between hospitals and industrial medical departments. (English)
Gentle, M., Injury, 3, 257-60, Apr. 72.
[Human, Accidents Industrial, Emergencies, Hospital Emergency Services, Medical Records, Occupational Health Services, England]

The relationship of the specialist in community health to environmental health services. (English)

[Community Health Service, Public Health Administration, Specialties Medical, Scotland]

Developmental trends in occupational medicine in the German Democratic Republic. (German)
[Environmental Exposure, Evaluation Studies, Occupational Health Services, Poisoning Prevention and Control, Psychology Industrial, Research, Social Change, Germany East]

Industrial health services in the British Merchant Navy. (English)
[Human, Government Agencies, International Cooperation, Naval Medicine, Occupational Health Services, Great Britain]

3. Physiological, psychological, and organizational aspects of work and rehabilitation

Mortality from coronary artery disease of English Channel and Hamburg pilots. (English)
[Human, Male, Adult, Coronary Disease Mortality, Naval Medicine, England, Germany, Sweden]

Some aspects of medicine in nuclear submarines. (English)
[Human, Male, Air Microbiology, Communicable Diseases, Nuclear Medicine, Physicians, Poisoning Prevention and Control, Radiation Protection, Submarine Medicine, Ventilation, Great Britain]
Disability evaluation in patients after myocardial infarct. (Russian)
[Human, Disability Evaluation, Myocardial Infarct, Rehabilitation, Time Factors]

Temporary disability after influenza. (Russian)
[Human, Disability Evaluation, Influenza, Rehabilitation, U.S.S.R.]

Sickness and discontent. (English)
Teeling-Smith, G., Occup. Hlth (Lond.), 24, 153-4, May 72.
[Absenteeism, Personal Satisfaction, Psychology Industrial, Special List Nursing]

Evaluating vocational evaluation. (English)
[Evaluation Studies, Rehabilitation, Vocation, Research]

Management's role in promoting mental health. (English)
[Human, Adult, Mental Health, Personnel Management, Psychiatry, Psychology Industrial]

An analysis and interpretation of industrial medical data, with concentration on back problems. (English)

Follow-up of psychiatrically ill industrial workers. (English)
[Human, Male, Absenteeism, Disability Evaluation, Follow-up Studies, Hospital Outpatient Clinics, Mental Disorders, Rehabilitation, Recurrence, Social Adjustment, India]

Features of body adaptation of miners working conditions in deep mines. (Russian)
Zaitsev, S. L., Gig. i Sanit., 36, 42-6, Aug. 71.
[Human, Adaptation Physiological, Blood Pressure, Mining, Respiration, Temperature, Time Factors, USSR, English Abstract]

Variability in the number of Absentees caused by disease during the days of the week. (Russian)
[Human, Absenteeism, Periodicity, Bulgaria, English Abstract]

The health of leaders and policy-makers. (English)
[Human, Male, Coronary Disease Occurrence, Gout Occurrence, Leadership, Longevity, Mortality, Peptic Ulcer Occurrence, Stress, Psychologic Complications, Uric Acid Blood, Great Britain, United States]

Fatigue problems in modern industry. (English)
Cameron, C., Ergonomics, 14, 713-20, Nov. 71.
[Human, Fatigue, Aviation Medicine, Technology, Australia]

Occupational rehabilitation—teamwork. (German)
[Human, Handicapped, Patient Care Team, Rehabilitation, Vocation, Germany East]

Significance of stress and unusual posture in the development of degenerative changes of the cervical vertebrae as represented by a group of meat carriers. (German)
[Human, Male, Abattoirs, Cervical Vertebrae, Occupational Diseases Etiology, Posture, Spinal Osteophytosis Etiology]

The human operator in air traffic control systems. (English)
Kirchner, J. H., Laurig, W., Ergonomics, 14, 549-56, Sep. 71.
[Human, Aviation Medicine, Operations Research, Stress, Psychologic, Task Performance and Analysis]

Heavy work and age, a multidimensional aspect. (German)
[Human, Age Factors, Attitude to Health, Stress Psychologic, Work]

Commuting and mental suffering. (Norwegian)
[Human, Adult, City Planning, Environmental Exposure, Family, Mental Health, Social Problems, Stress Psychologic, Work, English Abstract]

The significance of occupational factors in the etiology of abnormal mental reactions and development. (German)
[Human, Conflict, Neuroses Etiology, Personality Disorders Etiology, Psychology Industrial, Time Factors, English Abstract]

Occupational diseases of dentists. Osteo-muscular lesions (statistical studies). (Italian)
[Human, Male, Dentists, Flatfoot Occurrence, Neuralgia Occurrence, Spinal Diseases, Thoracic Diseases and Varicose Veins, English Abstract]

Health in power stations. (English)
[Acids Antagonists and Inhibitors, Amines Adverse Effects, Asbestos, Electricity, Noise, Occupational Health Services.]
Thermal environment and work activity. Evaluation method with elaboration of the data on an electronic computer. (Italian)

[Computers Digital, Environmental Exposure, Heat, Methods, Temperature, Work]

[Cardiovascular System Physiology, Central Nervous System, Exertion, Man-machine Systems, Muscles, Occupations, English Abstract]

Comparative physiologic assessment, based on electromyographic readings, of methods of using manually operated air-grinding machines. (Russian)

4. Traumatic conditions, accidents, and accident prevention

Use of scientific organization for the prevention of occupational injuries and occupational diseases in the chemical industry of the GDR. (German)

5. Effects of inorganic substances and minerals

Effects on health of atmospheric pollution with asbestos or other fibrous particles. (French)

[Human, Air Pollution, Asbestos Complications, Bronchial Neoplasms Etiology, Microscopy Electron, Pleural Diseases Etiology, Silica, English Abstract]

Occupational lung diseases and chest X-ray. (Japanese)

Shima, S., Rinsho Hoshasen, 17, 1-15, Jan. 72.

[Human, Adult, Male, Lung Neoplasms Complications, Pneumoconiosis Complications, Pneumonia Chemically Induced, Silicotuberculosis Radiography]

Aminoaciduria in Japanese workers in the lead and cadmium industries. (English)

[Human, Male, Aminoaciduria Renal, Cadmium Poisoning, Lead Poisoning Urine, Urinary, Japan]

Mercury uptake and its distribution in some tissues from workers in dental surgeries. (Slavonic)

[Air Pollution, Dental Facilities, Mercury Analysis, English Abstract]

Biological effect and importance of inorganic and organic silica compounds. (German)

Bien, E., Pharmazie, 26, 577-85, Oct. 71, 108

Changes in the upper respiratory tract in workers exposed to vanadium. (Polish)

[Human, Bradycardia Chemically Induced, Respiratory Tract Diseases Chemically Induced, Vanadium Adverse Effects, English Abstract]

Hazards from lead. (English)

[Human, Animal Experiments Rats, Air Analysis and Pollution, Beverages, Ceramics Analysis, Cooking and Eating Utensils Analysis, Environmental Exposure, Food Analysis, Hydrogen-ion Concentration, Lead Analysis, Lead Poisoning Etiology, Residence Characteristic, Review, Solubility]

Mesothelioma and asbestosis. (Norwegian)

[Human, Asbestos Adverse Effects, Autopsy, Bladder Neoplasms Chemically Induced, Mesothelioma Pathology, Thoracic Neoplasms Pathology, English Abstract]

Inhalation of low concentrations of asbestos. (English)

[Human, Asbestos Occurrence, Environmental Exposure, Australia]

Poisoning by nitrogen vapor inhalation. (Yugoslav)

[Human, Female, Adult, Environmental Pollution, Nitrogen Poisoning]

Exposure to sulfuric acid in manufacture of storage batteries. (English)

Occupational lead poisoning. 2. Chemical signs of the absorption of lead. (English)

[Human, Anemia Chemically Induced, Chronic Disease, Environmental Exposure, Lead Poisoning Blood, Leukocytic Acid Urine, Nephritis Chemically Induced, Time Factors, United States]

Contemporary views on the etiology of contact eczema. (Polish)

[Human, Allergens, Chromium Adverse Effects, Cross Reactions, Dermatitis Contact, Nickel Adverse Effects, Review, Sensitivity Tests, Skin Tests]

Experimental data on the combined effect of sulfurous gas and dust from copper-smelting plants. (Russian)

[Sick rate with temporary loss of working capacity in female workers doing monotonous types of work. (Russian)

Samoliova, A. I., Sovetsk. zdavookh., 30, 41-6, 1971.

[Absenteeism, Boredom, Disability Evaluation, Female, Time Factors, English Abstract]

Ergonomics guide to assessment of metabolic and cardiac costs of physical work. (English)

[Cardiac Output, Exertion, Heart Rate, Motor Activity, Oxygen Consumption, Rest, Time Factors, Work]

Some health aspects of vision during work with microscopes. (Russian)

Information

Heavy

Epidemiology

Corrosive lead and mesothelioma
Effect of

[Animal Experiments Rats, Copper, Dust, Environmental Exposure, Gastrointestinal Disease Chemically Induced, MPEL, Respiratory Tract Diseases Chemically Induced, Sulfur Poisioning]

Early diagnosis of asbestosis. (German)
[Human, Asbestos Diagnosis, Dyspnea Etiology, Exertion, Lung Radiography, Lung Compliance, Vital Capacity]

Heavy metal poisoning: mercury and lead. (English)
[Human, Diagnosis Differential, Dimercaprol Therapeutic Use, EDTA Therapeutic Use, Environmental Pollution, Fish Products, Food Poisoning Occurrence, Injections Intramuscular Intravenous, Lead Poisoning, Mercury Poisoning Diagnosis, Penicillamine Therapeutic Use, Prednisone Therapeutic Use]

Asbestos following brief exposure in cigarette filter manufacture. (English)
[Human, Male, Middle Age, Asbestos Pathology, Carbon Dioxide Blood, Dyspnea Chemically Induced, Lung Pathology, Oxygen Blood, Partial Pressure, Respiration, Spirometry, Sputum Analysis, Time Factors, Tobacco]

Epidemiology of pleural mesothelioma. (German)
[Human, Male, Age Factors, Asbestos Poisoning, Mesothelioma Occurrence, Pleural Neoplasms Occurrence, Germany, East]

Corrosive lesions of the eyes in connection with manuring with liquid ammonia (Danish)
Mollekaer, K., Ugeskr. Lag., 134, 771-3, 10 Apr. 72.
[Human, Male, Agricultural Worker’s Diseases Chemically Induced, Ammonia, Eye Burns Chemically Induced, Denmark]

Lead poisoning and glazed pottery. (French)
Dufour, M., Choisy, H., Morice, M. T., Nouv. Presse Méd., 1, 1018, 8 Apr. 72.
[Human, Anemia Hemolytic, Hypochromic Chemically Induced, Ceramics, Colic Chemically Induced, Lead Poisoning Etiology, Porphyrisms Urine, Water Pollution]

Occupational lead poisoning, 1. Clinical types. (English)
[Human, Brain Diseases Chemically Induced, Hypotension Chemically Induced, Insomnia Chemically Induced, Lead Analysis, Lead Poisoning Complications, Neurologic Manifestation]

Asbestos and mesothelioma in Scotland. An epidemiological study. (English)
[Human, Sex Factors, Age Factors, Asbestos Occurrence, Mesothelioma Etiology, Peritoneal Neoplasms Etiology, Retrospective Studies, Scotland]

Clinical assessment of the respiratory tract in workmen of the glass industry. (Polish)
[Human, Respiratory Tract Diseases, Glass, Spirometry, English Abstract]

Effect of bauxite mine dust. (Russian)
[Human, Male, Lung Pathology, Minerals, Mining, Pneumoniosis Pathology, U.S.S.R.]

Effect of yellow phosphorus on the human organism under conditions of phosphorus and phosphorus salt production. (Russian)
Ozerova, V. V., Rusakova, G. S., Korenevskaia, S. P., Gig. Tr. prof. Zabol., 15, 19-21, Nov. 71.
[Human, Bone Diseases Chemically Induced, Hepatitis Toxic, Phosphorus Poisoning, Salts, Vascular Diseases Chemically Induced, English Abstract]

Alveolar phagocytosis of industrial manganese, fieldspar, and rock crystal dusts. (Russian)
[Human, Aluminum Silicates, Dust, Manganese, Phagocytosis, Pneumoconiosis Pathology, Pulmonary Alveoli Pathology, Pulmonary Fibrosis Pathology, Silica]

Clinical case of pulmonary asbestosis. (Italian)
Pesaresi, C., Fati, S., Folia med. (Napoli), 53, 328-34, Dec. 70.
[Human, Male, Asbestosis Radiography, Case Report, Time Factors, English Abstract]

Epidemiology of occupational lead poisonings. (German)
[Human, Absenteism, Age Factors, Epidemiologic Methods, Lead Poisoning Occurrence, Seasons, Germany, East, English Abstract]

Coalminer’s pneumonia. (English)
[Human, Pneumoconiosis Mortality, Pulmonary Emphysema Mortality, Spirometry]

The role of some physical and chemical properties of mine dust in the development of pneumoconiosis. (English)
[Animal Experiments Rats, Adsorption, Coal Mining, Dust, Environmental Exposure, Pneumoconiosis Etiology, Silica, Structure Activity Relation]

Mortality among workers at two copper works where cadmium was in use. (English)
[Human, Male, Cadmium Poisoning, Copper, Nephritis, Nephrosis Chemically Induced, Pulmonary Emphysema Chemically Induced]

Cement dermatitis and atmospheric parameters in Kuwait. (English)
[Human, Male, Chromates, Cobalt, Construction Materials Adverse Effects, Humidity, Prognosis, Seasons, Skin Tests, Tropical Climate]

Metal fume fever, zinc and serum proteins. (Yugoslav)
[Human, Blood Proteins Metabolism, Fever Chemically Induced, Protein Binding, Review, Zinc Poisoning, English Abstract]

Respiratory symptoms in chrysotile asbestos mine and mill workers of Quebec. (English)
[Human, Male, Asbestos, Bronchitis, Dust, Mining, Smoking, Quebec]

Mercurialism: environmental and occupational aspects. (English)
[Food Contamination, Hair Analysis, Industrial Waste, Mercury Poisoning Diagnosis, Nervous System Diseases Etiology, Organometallic Compounds, Review, Finland, Japan, Sweden]

Relationships between the concentrations of lead in blood and delta-amoioo-laevulic acid (ALA) in urine during lead-exposed work. (English)
[Human, Lead Blood, Lead Poisoning Diagnosis, Levulinc Acid Urine]
ALA in the evaluation of lead exposure. (English) Stopps, A. J., *Arch. Hig. Rada*, 20, 31-3, 1969. [Human, Lead Poisoning Diagnosis, Leucinic Acid Urine]

Blood lead determinations in control of exposed workers. (English) Holmquist, I., *Arch. Hig. Rada*, 20, 43-7, 1969. [Human, Lead Blood, Lead Poisoning Diagnosis]

Relationship between lead in the bone marrow and lead in the blood. (English) Prpic-Majic, D., Beritic, T., Vurdjela, B., Kersanc, E., *Arch. Hig. Rada*, 20, 55-7, 1969. [Bone Marrow Analysis, Lead Analysis, Lead Poisoning Metabolism]

Lead and hemopoiesis. The mechanism and consequences of the erythropoiesis of occupational lead poisoning. (English) Albahary, C., *Amer. J. Med.*, 52, 367-78, Mar. 72, 68. [Anemia Etiology, Bone Marrow Diseases, Cell Membrane, Cell Survival, Erythrocytes Abnormal, Erythropoiesis, Hematologic Diseases, Hematopoiesis, Iron Metabolism, Mitochondria, Osmotic Fragility, Porphyrins, Reticulocytes, Review]

Parameters of lead absorption. (English) King, E., *Arch. Hig. Rada*, 20, 9-12, 1969. [Absorption, Air Pollution, Lead Blood, Lead Poisoning Metabolism]

Histological changes of the kidneys in lead poisoning. (English) Radonic, M., Zupanic, V., Saric, M., *Arch. Hig. Rada*, 20, 95-8, 1969. [Human, Kidney Pathology, Lead Poisoning]

Prevention of occupational intoxication caused by vanadium. (Italian)
6. Effects of organic substances

Effect of epoxy resins on the organs of respiration. (Russian)
[Human, Animal Experiments, Epoxy Resins Toxicity, Respiratory Tract Diseases, Chemically Induced, English Abstract]

Vitiligo-like changes in the skin of workers manufacturing phenol-containing additives. (Russian)
[Diagnosis Differential, Phenols Adverse Effects, Pigmentation Disorders, Chemically Induced, Vitiligo Pathology, English Abstract]

Skin pathology caused by a vulcanizing agent. Clinical, experimental and preventive notes. (Italian)
[Human, Animal Experiments, Guinea Pigs, Furaldehyde Adverse Effects, Skin Diseases Prevention and Control, Skin Tests, English Abstract]

Chronic pulmonary inhalation of commercial trichloroethylene with impairment of the 8th pair of cranial nerves. (Italian)
[Human, Cochlear Nerve, Electroencephalography, Hearing Disorders, Trichloroethylene Poisoning, Vestibular Nerve, English Abstract]

An investigation into the health of workers in an ilmenite extracting plant. (English)

Pleuro-pulmonary asbestosis and malignant pleuro-peritoneal mesothelioma. (French)
[Human, Mesothelioma Etiology, Peritoneal Neoplasms, Pleural Neoplasms, English Abstract]

Serum protein electrophoresis among workers in an Egyptian cement-asbestos pipe factory. (English)
[Asbestosis Immunology, Blood Protein Electrophoresis, Dust, Silica]

Pneumoconiotic and general toxic effect of chromium dust and its insuble compounds. (Russian)
[Animal Experiments, Rats, Chromium Toxicity, Dust, Methods, English Abstract]

Pleural mesothelioma and asbestosis. (French)
[Human, Mesothelioma, Chemically Induced, Pleural Neoplasms, Chemically Induced, Review]

Some indices of the blood coagulation and anti-coagulation system and lipid metabolism in metallurgical workers. (Russian)
[Human, Blood Coagulation, Lipids Metabolism, Meturgy, Occupational Diseases, English Abstract]

Grinders' and sandblasters' silicosis. (Hebrew)
[Human, Lung Pathology, Silicosis Pathology, English Abstract]

OCCUPATIONAL HYGIENE IN THE PRODUCTION OF O-AMINOAZOTOLUENE. (Russian)

URINARY CYTOLGY IN WORKERS EXPOSED TO CARCINOGENIC AROMATIC AMINES: A SIX-YEAR STUDY. (English)
Forni, A., Ghetti, G., Armeli, G., Acta cytol. (Baltimore), 16, 142-5, Mar.-Apr. 72. [Human, Follow-up Studies, Methods, Amines, Biphenyl Compounds Poisoning, Bladder Neoplasms Chemically Induced, Carcinogens, Cytdiagnosis, Environmental Exposure, Naphthalenes, Papilloma, Ureteral Neoplasms]

THE INVESTIGATION OF PHOTOCONTACT DERMATITIS IN A DYE MANUFACTURING PROCESS. (English)
Gardiner, J. S., Dickson, A., MacLeod, T. M., Frain-Bell, W., Brit. J. Derm., 86, 264-71, Mar. 72. [Human, Male, Antraphaquinones Adverse Effects, Chromatography Thin Lay, Dyes Adverse Effects, Photosensitization Chemically Induced, Skin Tests]

OCCUPATION AND CANCER OF THE LOWER URINARY TRACT. (English)

OPHTHALMOLOGIC AND SYSTEMIC SYNDROMES OBSERVED IN FARMERS HANDLING AGRICULTURAL CHEMICALS FOR A LONG TIME. (Japanese)

FEATURES OF CEREBRAL CIRCULATION IN WORKERS ENGAGED IN THE PRODUCTION OF GLASS AND PLASTICS. (Russian)

SECONDARY VITAMIN A DEFICIENCY IN ORGANOPHOSPHATE FORMULATORS AND FARM WORKERS. (English)

CURRENT STATUS OF CHEMICAL CARCINOGENESIS. (English)
Shubik, P., Proc. nat. Acad. Sci. (Wash.), 69, 1052-5, Apr. 72, 17. [Human, Carcinogens, Drugs Adverse Effects, Environmental Exposure, Food Additives, Neoplasms Chemically Induced, Nitrosamines, Preventive Medicine, Public Health, Review, Toxicology]

POLYCHLORINATED INSECTICIDES: THE NEED FOR A RATIONAL EVALUATION OF HAZARDS. (Polish)

PULMONARY CHANGES CAUSED BY ASPIRATION OF MINERAL OILS. (Hungarian)
Barzo, P., Gyulai, I., Schnitzler, J., Szanto, E., Baan, B., Orv. Hetil., 113, 1222-6, 21 May 72. [Human, Male, Automobiles, Petroleum Adverse Effects, Pneumonia Aspiration Radiography]

CASE HISTORY: ACRO-OSTEOLYSIS. (English)
Occup. Hlth (Lond.), 24, 173, May 72. [Bone Resorption Chemically Induced, Fingers, Occupational Diseases Chemically Induced, Polyvinylis Poisoning, Special List Nursing]

PHOSGENE POISONING: CASE REPORT. (English)

OCCUPATIONAL DISEASES OF THE SKIN IN WORKERS ENGAGED IN THE PRODUCTION OF GLASS-FOBER REINFORCED PLASTICS. (Russian)

CLINICAL EFFECTS OF CHLORINATED NAPHTHALENE EXPOSURE. (English)

PESTICIDE EFFECTS ON OCCUPATIONALLY EXPOSED WORKERS: A SUMMARY OF FOUR YEARS OBSERVATION OF INDUSTRY AND FARM VOLUNTEERS IN SOUTH CAROLINA. (English)

CUMULATIVE PROPERTIES OF CHEMICAL COMPOUNDS AT THRESHOLD LEVEL AS A BASIS FOR PREDICTING CHRONIC POISONING. (Russian)

LEAD AND METHYL MERURY: EFFECTS OF ACUTE EXPOSURE ON CYTOCHROME P-450 AND THE MIXED FUNCTION OXIDASE SYSTEM IN THE LIVER. (English)

VASCULAR CHANGES IN SUBJECTS EXPOSED TO CARBON DISULFIDE. (Italian)
Incidence of chronic bronchitis in the rubber industry. (German) Schunk, W., Z. ges. Hyg., 17, 853-4, Nov. 71.

[Human, Bronchitis Occurrence, Chemical Industry, Environmental Exposure, Respiratory Tract Diseases Chemically Induced, Rubber, Germany, East]

Psychological studies on the effect of CS2 dependent upon the sex of the exposed workers. (German) Herbig, C., Z. ges. Hyg., 17, 831-4, Nov. 71.

[Human, Carbon Disulphide Poisoning, Environmental Exposure, MPEL, Mental Processes Drug Effects, Methods, Psychoses Toxic, Etiology, Sex Factors]

[Human, Trichloroethylene Poisoning, Gastric Lavage, Intubation, Respiratory Drug Effects]

[Human, Male, Agricultural Worker’s Diseases, Diagnosis Differential, Farmer’s Lung Diagnosis, Lung Diseases, Nitrogen Dioxide Poisoning, Silage, Silo Filler’s Disease, Denmark, English Abstract]

Acute pulmonary edema associated with parathion poisoning. (English) Bledsoe, F. H., Seymour, E. O., Radiology, 103, 53-6, Apr. 72.

[Human, Male, Agricultural Workers, Atropine Therapeutic Use, Cholinesterase Blood, Erythrocytes Enzymology, Heart Radiography, Neurologic Manifestation, Parathion Poisoning, Pralidoxime Compounds Therapeutic Use, Pulmonary Edema Chemically Induced]

Exposures to toluene diisocyanate (TDI) in polyurethane foam plants. (English) Bakow, A. B., Baier, E. J., HSMHA Hlth. Rep., 86, 663-6, Jul. 71.

[Human, Cyanates Toxicity, Occupational Diseases Chemically Induced, Polyurethanes, Respiratory Tract Diseases Chemically Induced, Pennsylvania]

Adaptation to the effect of small quantities of industrial poisons. (Russian) Babanov, G. P., Burov, I. U. A., Gig. i. Sanit., 37, 93-6, Jan. 72.

[Animal Experiments Rats, Adaptation Physiological, Ascorbic Acid Blood, Blood Proteins Metabolism, Liver Metabolism, Riboflavin Metabolism, Toluene Poisoning]

[Human, Carbon Disulfide Poisoning, Hypothalamo-hypophyseal Drug Effects, Achilles Tendon, Reflex, Thyroid Gland Function Tests, Thyroxine Blood]

[Human, Trinitrotoluene Poisoning, Time Factors, English Abstract]

7. Effects of animal and vegetable substances

A note on cotton dust and proteolytic enzymes: recent developments. (English) Simpson, G. L., Med. J. Aust., 1, 717, 1 Apr. 72.

[Human, Cotton, Dust Analysis, Environmental Exposure, Peptide Hydrolyses Analysis, Pneumoconiosis Enzymology, Australia]

[Human, Bronchitis Complications, Byssinosis Classification, Cotton, Dust, Endotoxins Adverse Effects, Histamine Liberation, Pneumoconiosis, Smoking, Textile Industry]

[Human, Complement Fixation Test, Fungi, Hemagglutination Tests, Hypersensitivity Occurrence, Methods, Precipitation, Serodiagnosis, Skin Tests, Spores, Fungal, Russian Federation, English Abstract]

Studies on hypersensitivity caused by sucupira wood and Brazilian Rosewood. (German) Hausen, B. M., Simatupang, M. H., Kingreen, J. C., Berufskrankh., 20, 1-7, Feb. 72.

[Human, Male, Dermatitis Contact Etiology, Hypersensitivity, Quinones Analysis, Skin Tests, Wood Analysis, English Abstract]

[Human, Allergens, Byssinosis, Fungi Immunology, Pneumoconiosis Immunology, Respiratory Hypersensitivity, Skin Tests]

[Human, Lung Diseases Immunology, Farmer’s Lung, Granuloma Pathology, Phagocyte Bactericidal D, Respiratory Hypersensitivity Immunology]

[Human, Age Factors, Bronchitis, Byssinosis Etiology, Cotton, Dust Analysis, Dyspnea Occurrence, Pneumoconiosis, Smoking, Textile Industry, Ventilation, Vital Capacity]

Prevalence of farmer’s lung in Scotland: a pilot survey. (English) Grant, I. W., Blyth, W., Wardrop, V. E., Gordon, R. M.,
8. Effects of physical agents

Conservation of hearing. (English)
[H. Human, Acoustic Trauma Prevention and Control, Hearing Disorders Prevention and Control, Hearing Tests, Mass Screening, Noise, Otitis Media Diagnosis, Workers' Compensation]

Basic concepts of acoustics and the comprehension of occupational noise. (German)
[H. Human, Acoustic Trauma Prevention and Control, Acoustics, Noise]

General effects of occupational noise on man. (German)
[H. Human, Acoustic Stimulation, Acoustic Trauma Diagnosis, Auditory Perception, Noise, Protective Devices]

Noise-induced deafness, differential diagnosis according to the Swiss Accident Insurance Association. (German)
[H. Human, Acoustic Trauma Diagnosis, Audiology, Diagnosis Differential, Disability Evaluation, Hearing Disorders, Etiology, Insurance Health, Switzerland]

Effect of small amounts of local vibration and static effort on the organism. (Russian)

Physiological-clinical features of vibration disease in people working with high frequency rotary tools and methods of preventing it. (Russian)

Permissible levels of tritium in man and the environment. (English)
[H. Human, Body Burden, Accidents, Industrial Radioactivity, Body Water Metabolism, DNA Metabolism, Feces Analysis, Food Contamination, Radiation, Hydrogen Metabolism, Intestinal Absorption, Lung Metabolism, Skin Metabolism, Sweat Metabolism, Tritium Analysis, Tritium, Water Pollution Radioactivity]

Environmental levels of radioactivity at atomic energy commission installations. (English)

Noise as a health problem of the human environment. (Hungarian)
Pinter, I., Orv. Hetil., 113, 1335-40, 4 Jun. 72.
[H. Human, Environmental Health, Noise, Urban Population, Hungary]

Decompression chambers. (English)
[H. Human, Decompression Sickness, Prevention and Control, Diving Instrumentation, Equipment and Supplies, New Zealand]

Effect of vibration on the organ of vision. (Polish)
[H. Human, Eye, Industrial Medicine, Posture, Stress, Medical, Time Factors, Vibration, Adverse Effects]

Durations of safe exposure for men at work in high temperature environments. (English)
[H. Human, Male, Environmental Exposure, Exertion, Heat Exhaustion, Temperature, Time Factors]

Aspergillus niger in divers. (English)
Harrison, J., Brit. J. Radiol., 45, 393, May 72.
[H. Human, Bone Diseases, Radiography, Decompression, Sickness, Complications, Diagnosis, Differential, Diving, Necrosis, Radiography]

Tunnelling in compressed air and bone necrosis. (English)
[H. Human, Male, Atmospheric Pressure, Bone Diseases, Radiography, Femur Radiography, Femur Head Radiography, Necrosis Etiology, Osteoarthritis, Tietiology, Shoulder Radiography, U.K.]

Ocular effects of high-speed flight. (English)
[H. Human, Acceleration, Altitude, Aviation Medicine, Blood Pressure, Centrifugation, Decompression Sickness, Etiology, Ejection Seats, Gravitation, Retinal Hemorrhage, Etiology, Retinal Vessels, Space Flight, Vision Disorders, Etiology, Visual Perception]

Hazards of welding and cutting. (English)
[H. Human, Burns, Electric Etiology, Protective Clothing, Radiation Injury, Welding, Adverse Effects]

Acoustic trauma in modern civilization. (German)
Spoedeling, H., Praxis, 61, 399-401, 28 Mar. 72.
[H. Human, Acoustic Trauma, Aircraft, Noise, Prevention and Control]

Compressed air illness. (English)
Khan, M. Y., J. Indian med. Ass., 58, 95-6, 1 Feb. 72.
[H. Human, Male, Decompression Sickness, Diving]

Biological effects of microwave radiation. (English)

Automation and noise: central problem of current industrial medicine. (Italian)
Nesswetha, W., Folia med. (Napoli), 53, 294-300, Nov. 70.
[H. Human, Acoustics, Automation Adverse Effects, Noise]
The need for standards on noise. (English)
[Environmental Pollution Prevention and Control, Noise Prevention and Control.]

Physiological changes in weavers operating looms with different noise levels. (Russian)
[Human, Noise, Textile Industry, English Abstract]

Study of the feasibility of using perforated and split ear protectors in aircraft during flight. (English)
[Human, Acoustic Trauma Prevention and Control, Atmospheric Pressure, Ear, Polyethylene, Protective Devices]

Non-auditory effects of environmental noise. (English)
[Human, Animal Experiments, Rats; Arousal, Auditory Threshold, Behavior Animal, Blood Circulation, Gastrointestinal Motility, Hypertension, Mental Disorders, Myocardial Infarct, Sleep, Stress Psychologic]

Catecholamines in vibration disease due to the effects of middle-frequency local vibration. (Russian)
Makotchenco, V. M., Malinina-Putsenko, V. P., Vrach. Delo, 8, 127-9, Aug. 71.
[Human, Catecholamines, Urine, Epinephrine Urine, Norepinephrine Urine, Vibration Adverse Effects, English Abstract]

9. Methods of investigation of body function

Electroretinography and Electrooculographic studies in persons occupationally exposed to lead for a long period of time. (Russian)
[Human, Male, Electrooculography, Electroretinography, Eye Manifestations, Lead Poisoning Diagnosis]

Aerosol deposition in the lungs of coalworkers. (English)
[Human, Male, Coal Mining, Dust, Exercise Test, Lung Analysis, Pneumoconiosis Physiology, Pulmonary Alveoli Analysis, Respiration, Spirometry, Scotland]

Some features of perspiration in humans under the effect of thermal loads. (Russian)
Gorodnisk, S. M., Bavro, G. V., Ivanov, G. A., Gig. i Sanit., 36, 33-6, Oct. 71.
[Human, Exertion, Heat, Sweating, English Abstract]

Bioelectric reactions in the skeletal muscles after the action of constant and impulse noise. (Russian)
Butukhanov, V. V., Suvorov, G. A., Gig. i Sanit., 36, 21-5, Oct. 71.
[Animal Experiments, Rabbits, Electromyography, Environmental Exposure, Muscles Physiology, Noise, Time Factors, English Abstract]

Observations on high altitude coal miners. (English)
[Human, Male, Adult, Altitude, Carbon Dioxide Blood, Coal Mining, Disability Evaluation, Exertion, Oxygen]

Blood, Pneumoconiosis Radiography, Respiratory Function Tests, Smoking]

Medical assessment of silicotics with special reference to their effects on respiration, heart and circulation. (German)
[Human, Electrocardiography, Pulmonary Heart Disease, Etiology, Respiratory Tract Diseases, Etiology, Retrospective Studies, Silicosis Complications, Spirometry, English Abstract]

Pulmonary disability in coal worker's pneumoconiosis. (English)
[Human, Male, Autopsy, Disability Evaluation, Pneumoconiosis Complications, Pulmonary Emphysema Complications, Smoking, Spirometry]

Determination of work capacity in workers with occupational hearing disorders. (Russian)

An assessment of the value of laboratory investigations in the detection and control of lead poisoning. (English)
[Histogrammetry, Lead Blood]

10. Environmental measurement, control, and protection of the subject

Use of calculation methods for determining the tentative maximum permissible concentration of air pollutants. (Russian)
Krotov, I. U. A., Gig. i Sanit., 36, 8-12, Dec. 71.
[Air Pollution, Environmental Health, Mathematics, MPEL, Methods, U.S.S.R., English Abstract]

Experience in the organization of work in controlling noise at chemical plants. (Russian)
[Human, Air Pollution, Chemical Industry, Environmental Health, MPEL, Noise Prevention and Control, U.S.S.R.,]

Prevention of occupational diseases. 1. Prevention and therapy. (French)
[Dentists, Occupational Diseases]

Methylene-bis-ortho-chlorooaniline (MOCA): evaluation of hazards and exposure control. (English)
[Human, Air Pollution Analysis, Aniline Compounds Analysis, Gas, Paper Thin Lay Chromatography, Colorimetry, Evaluation and follow-up Studies, Protective Devices, Time Factors, Ventilation]

Preventive aspects of occupational medicine practice. (English)
Brandt, R. J., Md State med. J., 21, 95-6, May 72.
[Human, Alcoholism Therapy, Disability Evaluation, Drug Abuse Therapy, Occupational Health Services, Physical Examination, Preventive Medicine]

Possibility of establishing maximum permissible doses and concentrations (MPD and MPEL) of cancerogenic substances. (Russian)
Shabad, L. M., Gig. i Sanit., 36, 92-5, Oct. 71.
[Human, Animal Experiments, Mice, Rats; Carcinogens, Environmental Health, MPEL]

Determination of propylene in the air of industrial premises. (Russian)
Lipina, T. G., Gig. i Sanit., 36, 72-3, Nov. 71.
[Air Pollution Analysis, Alkenes Analysis]

Complex evaluation of the working conditions and state of health of workers of the ship-repair industry. (Russian)
Shepelin, O. P., Gig. i Sanit., 36, 114-6, Oct. 71.
[Human, Absenteeism, Ships, Vibration]
Prevention of occupational skin diseases in workers of machine building plants. (Russian)
[Occupational Dermatitis Prevention and Control, Special List Nursing]

Medical verification of deafness due to noise. (French)
[Human, Acoustic Trauma Prevention and Control, Audiology, Deafness Prevention and Control, Protective Devices]

Prevention of dust-induced diseases of the respiratory organs in people engaged in primary flax production. (Russian)
Malen'kii, V. P., Vrach. Delo. 1, 128-31, Jan. 72.
[Human, Adult, Agricultural Worker's Diseases Prevention and Control, Air Pollution, Dust, Respiratory Tract Diseases Prevention and Control, Silica Adverse Effects, Time Factors, USSR, English Abstract]

Evaluation of the average level of accidental industrial noise. (Russian)
[Human, Environmental Exposure, Noise, U.S.S.R.]

Prospective studies in industrial hygiene. (Russian)
Arkhipov, A. S., Gig. Tr. prof. Zabol., 15, 8-12, Nov. 71.
[Air Pollution, Futurology, USSR, English Abstract]

Methodological approaches to the standardization of carcinogens in the air. (Russian)
[Animal Experiments, Air Pollution, Carcinogens, Review]

Organization of hygienic autocontrol in the production of benzidine and diazidine. (Russian)

11. Miscellaneous

Health needs of an industrial population. (English)
[Human, Female, Abortion Induced, Age Factors, Family Planning, Maternal Health Services, Mental Health Services, Minority Groups, Occupational Health Services Supply and Distribution, Pregnancy, Preventive Health Services, Rehabilitation, United States]

The role of the occupational physician in company insurance programs and employee benefit plans. (English)
[Absenteeism, Insurance Health, Occupational Health Services, Role, United States]

The occupational physician's role in community health planning. (English)
[Attitude of Health Personnel, Community Health Service, Health and Welfare Planning, Societies Medical, United States]

Some important occupational lung diseases. (English)
[Human, Lung Diseases, Etiology, Aluminum, Asbestos, Beryllium, Byssinosis Diagnosis, Carbon, Coal Mining, Dust, Farmer's Lung, Gas Poisoning, Pneumococcosis, Pneumothorax Complications, Pulmonary Embrysoma Complications, Pulmonary Fibrosis, Respirins, Respiratory Function Tests, Silica, Silicosis, Sputum Analysis]

Occupational hazards in dentistry. (English)
Nixon, G. S., Community Hlth (Bristol), 3, 221-5, Mar.-Apr. 72.
[Human, Air Microbiology and Pollution, Bacterial Infections, Dental High Speed Technic Adverse Effects, Mercury Poisoning, Noise]

Understanding the immigrant worker. (English)
Griffin, A. M., Occup. Hlth (Lond.), 24, 121-7, Apr. 72.
[Acculturation, Emigration and Immigration, Interpersonal Relations, Social Environment, Special List Nursing]

Genin, V. A., Gig. i Sanit., 36, 98-9, Aug. 71.
[Human, Aniline, Biphenyl Compounds, Bladder Neoplasms Prevention and Control, Carcinogens, Chemical Industry, Clothing, Organization and Administration, U.S.S.R.]

Performance of respirable dust samplers with fibrous dust. (English)
[Aerosols, Dust, Evaluation Studies, Filtration, Permeability, Specimen Handling]

Fibrous glass-lined air transmission systems: an assessment of their environmental effects. (English)
[Air Movements, Filtration, Glass, Heating, Microscopy, Phase Contrast, Ventilation]

A portable tape recorder for noise analysis. (English)
[Audiometry, Monitoring Systems, Noise.]

Metal carbonyl vapors: rapid quantitative analysis by infrared spectrophotometry. (English)
[Methods, Monitoring Systems, Nickel Analysis, Spectrophotometry]

Occupational hygiene in the use of carbamate pesticides. (Russian)
[Agriculture, Air Pollution, Carbamates, Insecticides, U.S.S.R., English Abstract]

Handwashing and professional allergies. (French)
Demy, P., Dentoscope, 5, 27-8, Jan.-Feb. 72.
[Hand Dermatoses, Occupational Dermatitis, Special List Dental]

Cause of anemia in farmers. (English)
[Human, Adult, Agriculture, Anemia, Etiology, Dietary Proteins, Food Habits, Osmotic Fragility, Seasons, Work, Japan.]

Health care of workers in small plants (Czech)
[Industrial Medicine, Preventive Medicine, Czechoslovakia, English Abstract]

Wages of sin and fruits of labor. (English)
[Human, Beer, Adverse Effects, Cobalt Adverse Effects, Heart Drug Effects, Myocardial Diseases, Secretion Chemically Induced]

A comparison between England and Wales and Sweden in the incidence and mortality of malignant skin tumours. (English)
[Human, Melanoma Etiology, Occupational Diseases, Sex Factors, Skin Neoplasms, Mortality, Sunlight]

Prolonged exposure to paint components, to styrene and toluol, to mercury and bataidine. (Italian)
[Butadiene, Mercury, Paint, Styrenes, Toluene, English Abstract]

Fisherman's dermatoses. (Italian)
Sabatini, C., Folia med. (Napoli), 52, 109-17, Feb. 69.
[ Dermatitis Contact Etiology, Fishes, Seawater, Italy, English Abstract]
Occupational cancer of the skin—a declining disease. (English) Cameron, L., Hlth Bull. (Edinb.), 27, 17-20, Apr. 69. [Human, Hygiene, Sex Factors, Skin Neoplasms, Mortality]

The October (1972) Issue

Measurement of environmental warmth in SI units F. P. Ellis, F. E. Smith, and J. D. Walters

A trace gas technique for measuring clothing microclimate air exchange rates G. W. Crockford, M. Crowder, and S. P. Prestidge

Physiological reactions of men using microclimate cooling in hot humid environments A. J. van Rensburg, D. Mitchell, W. H. van der Walt, and N. B. Strydom

Initial repeatability trials of the UICC/Cincinnati classification of the radiographic appearances of pneumoconioses C. E. Rossiter

Some characteristics of repeated sickness absence David Ferguson

Variability in audiometric recording R. W. Howell and B. P. R. Hartley

Epidemiology of pleural mesothelioma in North-western Italy (Fiedmont) G. F. Rubino, G. Scansetti, A. Donna, and G. Palestro

Sensitive technique for detecting subclinical lead neuropathy Anna M. Seppäläinen and S. Hernberg

Investigation of exposure of ships' painters to organic solvents P. I. Mikulski, Renata Wiglus, Anna Bublewska, and J. Uselis

Spectrophotometric measurements of carboxyhaemoglobin R. E. C. Lily, P. V. Cole, and L. H. Hawkins

Notes and miscellanea

Mild lead poisoning with an excessively high blood lead M. J. Chamberlain and P. M. O. Massey

Glaucopsia—blue-grey vision W. T. Jones and M. D. Kipling

Book reviews

Information section

Index

A number of copies are still available and may be obtained from the Publishing Manager, British Medical Association, Tavistock Square, London WC1H 9JR, price £1.25 (£1.50 in countries overseas; U.S.A. $3.60).
