

## Contents

### Editorials

- 577** Professional exposure to carcinogenic substances: is occupational physicians' activity compatible with medical ethics and deontology? *B Clin, M Letourneux, G Launoy*
- 578** OEM's impact factor reaches a new high  
*K Palmer, D Loomis*

### Original articles

- 579** From measures to models: an evaluation of air pollution exposure assessment for epidemiological studies of pregnant women  
*E Nethery, S E Leckie, K Teschke, M Brauer*
- 587** The occupational risk of *Helicobacter pylori* infection among workers in institutions for people with intellectual disability  
*A De Schryver, K Cornelis, M Van Winckel, G Moens, G Devlies, D Derthoo, M van Sprundel*
- 592** Estimating reduction in occupational disease burden following reduction in exposure  
*B G Armstrong, A Darnton*
- 597** Mortality risk in the French cohort of uranium miners: extended follow-up 1946–1999  
*B Vacquier, S Caer, A Rogel, M Feurprier, M Tirmarache, C Luccioni, B Quesne, A Acker, D Laurier*

September 2008 Vol 65 No 9

- 605** Development of a fibre size-specific job-exposure matrix for airborne asbestos fibres  
*J M Dement, E D Kuempel, R D Zumwalde, R J Smith, L T Stayner, D Loomis*
- 613** An epidemiological study of the role of chrysotile asbestos fibre dimensions in determining respiratory disease risk in exposed workers  
*L Stayner, E Kuempel, S Gilbert, M Hein, J Dement*
- 620** Air pollution and mortality benefits of the London Congestion Charge: spatial and socioeconomic inequalities  
*C Tonne, S Beevers, B Armstrong, F Kelly, P Wilkinson*
- 628** How do experiences in Iraq affect alcohol use among male UK armed forces personnel?  
*T Browne, A Iversen, L Hull, L Workman, C Barker, O Horn, M Jones, D Murphy, N Greenberg, R Rona, M Hotopf, S Wessely, N T Fear*
- 634** Psychosocial work characteristics and anxiety and depressive disorders in midlife: the effects of prior psychological distress  
*S A Stansfeld, C Clark, T Caldwell, B Rodgers, C Power*

### Short report

- 643** Hypertension in noise-exposed sawmill workers: a cohort study  
*H Sbihi, H W Davies, P A Demers*

## Stay a step ahead with Online First

We publish all our original articles online before they appear in a print issue.

This means that the latest clinical research papers go straight from acceptance to your browser, keeping you at the cutting edge of medicine. We update the site weekly so that it remains as topical as possible.

Follow the Online First link on the homepage and read the latest research.
