

Occupational and Environmental Medicine

Contents

Editorials

- 569** Influenza A (H1N1) infections among healthcare workers: a cause for cautious optimism *J Sng, D Koh, G Koh*
- 570** The role of *Occupational and Environmental Medicine* in strengthening the evidence base for occupational health practice *M R Sim, R Agius*

Commentary

- 572** Retrospective exposure assessment in environmental epidemiology *L Rushton*

Original articles

- 574** Estimates of historical exposures by phase contrast and transmission electron microscopy in North Carolina USA asbestos textile plants *J M Dement, D Myers, D Loomis, D Richardson, S Wolf*
- 584** Modelling the non-linear multiple-lag effects of ambient temperature on mortality in Santiago and Palermo: a constrained segmented distributed lag approach *V M Muggeo, S Hajat*
- 592** Shift work is a risk factor for increased total cholesterol level: a 14-year prospective cohort study in 6886 male workers *M Dochi, Y Suwazono, K Sakata, Y Okubo, M Oishi, K Tanaka, E Kobayashi, K Nogawa*
- 598** Acute childhood leukaemia and residence next to petrol stations and automotive repair garages: the ESCALE study (SFCE) *P Brosselin, J Rudant, L Orsi, G Leverger, A Baruchel, Y Bertrand, B Nelken, A Robert, G Michel, G Margueritte, Y Perel, F Mechinaud, P Bordigoni, D Hémon, J Clavel*

EDITOR'S CHOICE

September 2009 Volume 66 Issue 9

- 607** Occupational exposure to potential endocrine disruptors: further development of a job exposure matrix *M M Brouwers, M van Tongeren, A A Hirst, R W Bretveld, N Roeleveld*
- 615** Relationships between alumina and bauxite dust exposure and cancer, respiratory and circulatory disease *M C Friesen, L Fritschi, A Del Monaco, G Benke, M Dennekamp, N de Klerk, J L Hoving, E MacFarlane, M R Sim*
- 619** Occupational exposure of UK adults to extremely low frequency magnetic fields *T Mee, P Whatmough, L Broad, C Dunn, M Maslanyj, S Allen, K Muir, P A McKinney, M van Tongeren*
- 628** Traffic exposure and subclinical cardiovascular disease: is the association modified by socioeconomic characteristics of individuals and neighbourhoods? Results from a multilevel study in an urban region *N Dragano, B Hoffmann, S Moebus, S Möhlenkamp, A Stang, P E Verde, K-H Jöckel, R Erbel, J Siegrist, on behalf of the Heinz Nixdorf Recall Study Investigative Group*

Short report

- 636** A time-series study of the health effects of water-soluble and total-extractable metal content of airborne particulate matter *M R Heal, R A Elton, L R Hibbs, R M Agius, I J Beverland*

PostScript

- 639** Letters
- 640** Correction

Stay a step ahead with Online First

We publish all our original articles online before they appear in a print issue.

This means that the latest clinical research papers go straight from acceptance to your browser, keeping you at the cutting edge of medicine. We update the site weekly so that it remains as topical as possible.

Follow the Online First link on the homepage and read the latest research.
