

Occupational and Environmental Medicine

Contents

Commentary

- 687** Is occupational biomass smoke exposure an overlooked driver of respiratory health?
C Tonne, O T Ranzani

Original articles

Workplace

- 689** Effects of office workstation type on physical activity and stress

 *C M Lindberg, K Srinivasan, B Gilligan, J Razjouyan, H Lee, B Najafi, K J Canada, M R Mehl, F Currin, S Ram, M M Lunden, J H Heerwagen, K Kampschroer, E M Siernberg*

- 696** Associations between occupational exposure to benzene, toluene and xylene and risk of lung cancer in Montréal
H Warden, H Richardson, L Richardson, J Siemiatycki, V Ho

- 703** Long-term effects on income and sickness benefits after work-focused cognitive-behavioural therapy and individual job support: a pragmatic, multicentre, randomised controlled trial
S Overland, A L Grasdal, S E Reme

- 709** Burden of respiratory abnormalities in microwave popcorn and flavouring manufacturing workers
E D Fechter-Leggett, S K White, K B Fedan, J M Cox-Ganser, K J Cummings

- 716** Association between night-shift work, sleep quality and metabolic syndrome
Y C Lim, V C W Hoe, A Darius, N Bhoo-Pathy

October 2018 Volume 75 Issue 10

- 724** DNA damage response in workers exposed to low-dose ionising radiation
S Gaetani, F Monaco, M Bracci, V Ciarapica, G Impollonia, M Valentino, M Tomasetti, L Santarelli, M Amati

- 730** Lung cancer mortality and exposure to synthetic metalworking fluid and biocides: controlling for the healthy worker survivor effect
E Garcia, S Picciotto, A M Neophytou, P T Bradshaw, J R Balmes, E A Eisen

- 736** Does 'right to work' imperil the right to health? The effect of labour unions on workplace fatalities
M Zoorob

- 739** Mortality among diagnostic medical radiation workers in South Korea, 1996–2015
W J Lee, S Ko, Y J Bang, E S Cha, K-M Lee

Environment

- 742** Exposure to disinfectant by-products and the risk of stillbirth in Massachusetts
Z Rivera-Núñez, J M Wright, A Meyer

Exposure assessment

- 752** Physical work demands and psychosocial working conditions as predictors of musculoskeletal pain: a cohort study comparing self-reported and job exposure matrix measurements
I E H Madsen, N Gupta, E Budtz-Jørgensen, J P Bonde, E Framke, E M Flachs, S B Petersen, A C Svane-Petersen, A Holtermann, R Rugulies

Miscellaneous

- 761** Correction
