**Supplementary Figure 1:** Map of Southern Norway showing municipalities with full ban or partial ban, or their neighboring municipalities with no ban. There were no municipalities in Northern Norway with full or partial ban.

**Supplementary Figure 2:** COVID-19 among bartenders and waiters (left pane) vs. all occupations (right pane) ten weeks before and five weeks after ban on serving alcohol without 95% CI.

Note: Logistic regression adjusted for age (continuous), sex, tested for SARS-CoV-2 in the respective week (yes/no) and population size (number of employees in the given municipality).

**Supplementary Table 2:** Overview of local restrictions by municipality, type of restriction (1 = no local restrictions; 2 = partial ban; 3 = full ban) and date of implementation.
